## ABOUT ME

React and React Native Developer with 2+ years of experience building scalable web and mobile applications using TypeScript, Next.js, and Expo. Developed and launched TypeSprint, an iOS app that reached #2 on the Georgian App Store. Experienced in REST API integration, performance optimization, and building reusable component systems. Strong focus on delivering responsive, high-performance user interfaces.

## EXPERIENCE

**React / Next.js Developer**
**ROWIX** | Tbilisi | On-Site | Contract-based | December 2025 – April 2026

- Developed and maintained scalable front-end features using React, TypeScript, and Next.js
- Built reusable UI components using MUI, Ant Design, Shadcn/ui and ReactBits
- Integrated REST APIs for admin panel functionality (CRUD requests)
- Optimized rendering performance using useMemo, useCallback, and useReducer
- Collaborated with backend developers to integrate APIs and deliver production features

**Front-End Developer & Co-Founder**
**GarGari** | Tbilisi | Remote | Oct 2024 – Present

- Led front-end architecture across multiple client projects
- Developed production-ready websites using Next.js with responsive design
- Built reusable component systems to improve development efficiency
- Delivered performance-optimized and SEO-friendly web applications

## PROJECTS

**TypeSprint – Mobile Typing App**
**React Native / Expo**

- Built and launched a mobile typing app with real-time WPM and accuracy tracking
- Reached #2 on the Georgian App Store
- Implemented global leaderboard, authentication, and performance optimizations for smooth real-time typing

**Zmna.ge – News Platform**
**Next.js**

- Built dynamic pages, responsive UI, and integrated ads

**Reagent.ge – Website**
**Next.js**

- Built production website with reusable component architecture and SEO optimization

## SKILLS
